A tasting menu is a good way to experience an excellent multi-course meal without feeling like you've overindulged. The portions are purposely small, but the flavors are rich, often unexpected and almost always seasonal. Your experience with a tasting menu can be greatly enhanced with wine pairings that can usually be added. From menus that change with the seasons to some that change weekly, here are some of the best tasting menus in Orange County.

### The Ranch Restaurant

On the seasonal tasting menu at The Ranch, you will find things like a tempura squash blossom filled with duck confit. No matter what specific items are on the menu, you can be rest assured that they are fresh. Tasting menus here are \$65 plus an additional \$35 if you add a flight of four wines. The Ranch boasts a master sommelier so you know the wine pairings will make the good menu even more enjoyable.
