

## Where To Eat Christmas Eve Dinner 2016 In Orange County

What Orange County lacks in a 'white' Christmas, it sure does make-up in flavor. Yes, it's true East coasters, in this part of town it's common for Santa to come cruising along in a Woody truck, or hang ten with reindeers on jet skis, but that doesn't mean everyone is having their beloved fresh fish tacos for dinner again. One can tell immediately by these carefully crafted menus that Orange County's finest are excited to serve up some of the most lavish dinners of the holiday season.
